

## Order up! Pizza Game

Directions:

The goal of this game is to fulfill all of your own pizza orders before the other players!

-First-pass out the pizza order cards, if there are

2 players: each gets 4

3 players: each gets 2

4 players: each gets 2

-Place the “ingredients” in the middle so that each player has access to them.

-Player one rolls the dice they may choose the number of ingredients shown on the dice. (For example, if they roll a 2, they may choose two ingredients). The game continues with players selecting ingredients and placing those ingredients on a “pizza” next to the order card.

Example set up:

-Once a player has collected enough ingredients to fulfill an “order card” they may flip that card over.

-Whoever flips all of their cards first wins the game!
