

Egg Hunt!

The Easter Bunny has hidden eggs all over the picture below, can you find them all?
As you find the eggs, make sure you circle them and then color in the box next to that color egg.

(So, if you find one blue egg, color in one box next to the blue egg in the table).

Afterwards, ask your child how many of each egg they found. To push them further, ask them which color egg has the MOST and which color egg has the LEAST!

Look at all of the eggs I found!

Egg color	1	2	3	4	5
